August 2015

A branch of The Manchester & Lancashire Family History Society.

Well Hello everyone, and I hope you are all enjoying the summer months. I know many are getting out and about, some to some quite exotic places, others exploring areas

nearer home and many just catching up with family. Hopefully all relaxing activities, (unless you also have a garden to mind). My family have been rather preoccupied welcoming another "twig", (and I know a few others have as well recently), so we are actively keeping our trees growing as well as researching them. I apologise that this means this is a bit of a last minute "hotch potch"

and I hope you will bear with me.

We had a strange start to this month as you may have gathered. Soon after our last edition of the *Genie* we were contacted by a member to let us know that **Mr Ron Smith, a founder member of the Bolton branch and Fellow of the MLFHS**, who has not been well recently, has now had to review and "downsize" his accommodation. "Recent" members might not know that Ron was the lead in many of the B&D FHS projects at our start in the 1980s and he and his family were kindly offering first "dabs" of his extremely extensive library of family history-related material to the Society. This of course happened just as most of the committee were away on holiday. Despite that the troops rallied ASAP, and we can now report that we acquired a large proportion of these items to be passed on for the benefit of society members and those with local interest. By the time this is published however, all sales will have taken place first in a member's garage and at then at our August meeting, but these pictures show just the "tip of the iceberg". I am told there were some really special, collectables here. Rest assured that we have also passed on quite a selection to the Bolton Archives for the benefit of all. Our main goal was to make sure all items were found suitable good **local** homes if possible and to at least recoup our expenditure in securing them which I believe we have.

The question has arisen of course of how we manage situations like this in the future. I think we are all agreed in principle that where possible we will try to offer assistance if required, but always endeavour to keep such treasures nearby and freely available.

OUR LAST and NEXT MONTHLY MEETINGS

On Wednesday August 5th, Elaine Taylor MA, nationally acclaimed garden historian and Chair of the Association of Garden Trusts, came to tell us about the creation of some local stately gardens, and in particular about Thomas Mawson who helped Lord Leverhulme design his Rivington estate.

<http://www.about-rivington.co.uk/section/26/rivington-terraced-gardens/>

. I suspect that this event will now forever be called "that jinxed meeting" in our annals. The talk was superb as expected but despite confirmation of date and time the day before, there was a mix up and Elaine eventually made it to us 40 minutes late, planning to come on the Thursday. We filled the time in for our audience of near 50 by advertising our programme and courses, and getting some feedback on what is wanted at our forthcoming events, so this was actually quite helpful. Thank you everybody for not abandoning us in disgust, especially when the juke box joined in at full blast from next door in the middle of the talk, (and this was all actually received with good humour). What a stalwart lot you are and thank you for your patience. Thanks particularly to Stuart Whittle who was visiting from Horwich HHS, for making the mad dash to bring us his Lord Leverhulme dvd from home for emergency entertainment. Hopefully we will soon be able to announce that Rivington Heritage Trust has been successful in its Heritage Lottery Fund bid which apparently was submitted this week. <http://www.lep.co.uk/news/local/plans-for-historic-rivington-gardens-on-show-1-7383381>

Our Next Meeting is on September 3rd when Anita D Forth's talk is entitled "Edgworth to Crowthorn, the Story of a Lancashire Children's Home". <http://www.childrenshomes.org.uk/EdgworthNCH/> I believe Anita used to work there in another life, and I know she has some fascinating details and anecdotes to tell. This is part of the upgrade →

(All at Bolton Cricket Club (Back door), Bishops Road, off Green Lane,
Farnworth, BL3 2JB 7.30pm,

First Wednesday of each month apart from January).

We offer a Help Desk for personal research after each meeting, and have a recycle service for your used Family History Magazines.

Don't throw them out, bring your old ones in to be passed on.

VISITS and ACTIVITIES

No actual events arranged over the summer break as most of us are out and about anyway but for those of you who might not be able to get out for whatever reason maybe you can enjoy this armchair riverside trip

- "A Stroll Along the Croal", <http://www.croal.webeden.co.uk/through-the-town/4580359098>. I found this by accident whilst trying to help someone, but sit back and enjoy, or a bit further afield take

- **A Walk Through Derbyshire's Past** for a look at some of their MIs <http://www.spanglefish.com/awalkthroughderbyshirespast/index.asp?pageid=171720> a photographic guide to those researching their family histories in Derbyshire

We do however have

- **Friday 18th September Smithills Hall.** picture by courtesy of Bolton Camera Club→

There is a café there now as well where we can have lunch so either meet there at 12md or outside the hall at 1.00pm, .The trip will last about 60-90 minutes .The charge is £2 and tea and coffee are available at a nominal charge. This event is open to non-members but the café tables are busy and will need to be booked so please contact Brian Whittle at Boltongenies@mlfhs.org.uk for a place with **closing date Wednesday 16th. September.**

The next visit will be

- **Hall i'the Wood booked for Tuesday 10th November.** More details to come
Maybe here I should also mention the forthcoming
- **Heritage Open Days Weekend for 2015 Sept 10-13th.**
<http://www.heritageopendays.org.uk/> .

Many will remember this from previous years as a national event with many local, activities. More next month but some might need booking now, such as this free tour of Bolton Archives strong room on 12th September as part of Bolton's programme. There are three tours which have to be booked. Many of us have already done this but others might be interested. Tele 01204 332185 or e-mail archives@bolton.gov.uk

And **Another Reason for Joining MLFHS** Posted by John Marsden Chairman 3rd August 2015

Hi all. We have for many years exchanged journals with other societies both in the UK and overseas. Copies of these, for the past year, were always .kept at Clayton House and latterly have been available at Central Library. This is not particularly helpful to those who cannot get to Manchester, however. BUT An increasing number of societies are now offering their journals in electronic (pdf) form and we are now exchanging in this format with:

Barnsley FHS, Chesterfield & District FHS, Dumfries & Galloway FHS, Felixstowe Family History Soc, FHS of Cheshire, Highland FHS, Ipswich Genealogical Society (Aus), Redland Genealogical Society (Aus), Scottish Association of FHS

All of the above have agreed that we can make these available to our members and so they are now being made available, as they arrive, in the member area of our web site. I am sure that more societies will be added to this list before long. Since the storage of the electronic copies does not create the problems we had with the printed ones, we should be able to make copies available for more than a year. Where printed copies are received, these continue to be available at the Central Library Help Desk. John Marsden

Winter's Photographic Studio, Derby, England - Can You Help? Posted on July 9, 2015

<https://qvictoria.wordpress.com/2015/07/09/winters-photographic-studio-derby-england-can-you-help/> *In the early years of the 1850's, Walter William Winter set up a photographic studio at Midland Road, Derby, in the English Midlands. This may not seem unusual. However, what makes Winter's studio almost unique is that it still exists at the same site where it was first set up and is still taking photographs of the citizens and surroundings of Derby to this day.*

Because of this unique status, and because many of its original photographic plates still survive, Winter's studio has embarked on a mission to clean, conserve and catalogue these photographic treasures for posterity. The project is now entering Stage Two and the search is on for copies of any original Winter's photographs that may be out there in the wider world. These will be used to complement the images that are already emerging from the grime of decades, as more and more of the glass plates are cleaned and restored. ---!

Legacies of British Slave-ownership <https://www.ucl.ac.uk/lbs/search/> "*In 1833 Parliament finally abolished slavery in the British Caribbean, Mauritius and the Cape. The slave trade had been abolished in 1807, but it had taken another 26 years to effect the emancipation of the enslaved. However, in place of slavery the negotiated settlement established a system of apprenticeship, tying the newly freed men and women into another form of unfree labour for fixed terms. It also granted £20 million in compensation, to be paid by British taxpayers to the former slave-owners. That compensation money provided the starting point for our first project. We are now tracking back to 1763 the ownership histories of the 4000 or so estates identified in that project.*"

Maybe some of you managed to watch the recent programmes on BBC 2

<http://www.bbc.co.uk/programmes/b063db18> about how the legacy of the slave trade and financial reimbursement to slave owners affects us even today. I note there will be a free workshop in Manchester: **on Saturday 24th October at the Central Library, St Peters Square, M2 5PD** with tickets available from 24 August 2015. This will "*explore the legacies of British slave-ownership in the north of England. It will showcase exciting new research that can be used to explore the local links between the north of England and the business of*

slavery. Featuring talks by artists, academics and independent historians it will consider the different ways in which slavery has impacted on the social, cultural and economic landscape of the north of England"
